Instructions for completing the 2006 Money Service Business Annual Assessment Report

Before you Begin:

- Please read the entire form and all instructions.
- Make a copy of these blank forms.
- Gather your information; this form is to report your WA business during the 2006 calendar year. Use other forms to report changes and updates to material facts, or to add new authorized delegates.
- Consult the WA law (RCW) and/or rule (WAC) section we have cited if needed.
- Referenced forms and documents (including the RCW and WAC) are available online at <http://dfi.wa.gov/cs/money-services-providers.htm> for your convenience.

Report Due and Assessment period Dates: Per WAC 208-690-090, the Annual Reports & Assessments from Money Service licensees are due on July 1 of each year. However, since 7/1/07 falls on a Sunday, the filing is due on 7/2/07 instead. This report should cover your Washington State business conducted during the 2006 calendar year.

Licensee Information (where possible, we have completed this information for you):

- Provide your company name as it appears on your Washington State Money Services license, including any trade name ("dba").
- Advise the person currently appointed to serve as your Responsible Individual per WAC 208-690-030(1)(b).
- Give us the current physical (no PO Box) address of the licensee including building number, street name/number, city, state/province, zip/postal code, and country (if not USA).
- Check the appropriate box for which license type your company holds.
- Complete the WA License number, found on the lower right-hand corner of your license.
- Supply your initial license issue date (NOTE: This date may not be the "issued date" on your current license, which is the latest issuance. If this information has not been populated, look up the information on our website, or call us for assistance. We are looking for the date your very first WA Money Services license was issued.)
- Furnish the total number of (count) WA locations (either company-owned branches, or authorized delegates) that were approved at some point during 2006. If your initial license date falls between 1/1/06 and 6/30/06, count your authorized delegates at the time of license approval.

1. Actual 2006 Washington Business Volume: Please report your company's business volume for WA transactions by activity. Round the transmission volume and currency exchange volume to the nearest \$100 US. Also report your fees collected for each activity, rounded to the nearest \$100 US. (NOTE: Money Transmitter licensees will refer to this section later for discussion of #9 Net Worth and #10 Surety Bond/Alternative.)

Preparer's Certification & Information: Who actually prepared this report? This might be your accountant, bookkeeper, responsible individual, CEO, etc. That person should complete the preparer's certification and information portion.

Affidavit – Although these documents may be prepared by the accounting or compliance department (or other party within your company), a high level officer (Owner, Corporate President, Manager of an LLC, or company Treasurer) must review all information on the final report and attachment(s) for accuracy before signing the affidavit. Please remember to have the affidavit notarized.

2. Annual Assessment fee:

- Use the "initial license issue date" at the top of page one to determine your company's base fee.
- Use the "count 2006 WA locations" (also at the top of page one) to complete the multiplication for additional fee(s) for authorized delegate locations. If your initial license issue date falls between 1/1/06 and 6/30/06, use the count of authorized delegates at your initial license issue date.
- Add the base amount to the additional fees amount to calculate the total fees owed.
- Pay the lesser of total fees owed or \$15,000 and make check payable to "Washington State Treasurer."
- Enclose the check with this report and appropriate attachments. Do not staple the check to any other paperwork.

3. Authorized Delegates: Submit a complete list of your current authorized delegates.

- NOTE: For the purposes of this report, an "authorized delegate" includes either any company-owned authorized delegate locations as well as any other party (commonly referred to as "agents"). The Department makes no distinction between these two types of locations.
- The list should include the authorized delegate's company name (and trade name or "dba" if any), contact person's name, physical address (include city, state, and zip), and phone number.
- We prefer to receive these lists in electronic format, MS Excel is preferred. You may e-mail this electronic list (see instructions for "electronic delivery" below). If you send a paper list, please sort the list alphabetically by the authorized delegate's company name, and number each entry.

- d) If your company has added new authorized delegates since 12/31/06, you should already have submitted the *Add an Authorized Delegate* form as they joined your system. This form is available from our website and should be submitted promptly anytime you add new locations.
- e) Report changes (address, trade name, etc) to your previously approved authorized delegate listing on the *Quarterly Report* form throughout the year.

4. Material Changes: Changes to material facts include: company name or trade name, ownership, physical/ mailing/ records location addresses, phone/fax numbers, e-mail/web addresses, responsible individual/registered agent, etc. You may review DFI's information for accuracy online.

- a) If your company has no changes to report, check the first box "DFI's information is accurate."
- b) If you need to report material changes, complete the *Money Services Business Amendment Application* form and check the second box "I've enclosed an Amendment App." This form is available online.

5. US Treasury Registration/Renewal: The US Treasury Department requires money services businesses to register at FinCEN. These registrations are valid for two years. See www.msb.gov or phone 1-800-949-2732 for more information from the US Treasury Department.

- a) Has your company already registered with the US Treasury Department (FinCEN)? If no, check the first box but register now and send copies of the registration documents to DFI with this report. If yes, check the second box and indicate the date you first registered.
- b) Has your company's FinCEN registration come up for renewal yet? If yes, check the third box and indicate the date of renewal.

Check this list (SDN) at www.treas.gov/offices/enforcement/ofac/sdn/index.html for your company's responsible individual, owners, officers (here together referred to as "principals"). HINT: this may be helpful in screening new authorized delegates.

- b) Have your principals' name(s) ever appeared to match a name on the SDN? If yes, attach a separate document explaining how you verified that the SDN name was not the same person as your principal(s)/authorized delegate(s).

Money Transmitter licensees are required to have their financial statements independently audited. Currency Exchange-Only licensees are not required to have their financial statements independently audited; however, if your company has audited financial statements, please submit a copy of them with this report.

- a) If your money transmitter company's audited financials are attached, check the first box and indicate your fiscal year-end date.
- b) If your money transmitter company is a subsidiary, you may attach the parent company's audited financials. Also include a balance sheet (un-audited OK) for the licensed company and check the second box and indicate the parent company's fiscal year-end date.

Your financial statements should confirm that the minimum net worth is met. Check the appropriate box.

10. Surety Instrument (Money Transmitter licensees only): Refer to Table 1 indicating your total transmission volume for 2006 in Washington. Use your 2006 transmission volume to determine your company's base surety amount. Enter the count of locations authorized for 2006 (found at the top of page 1 of the form) and multiply by \$10,000. Add the base surety amount to this amount and enter the total required surety. Compare this total required amount against your files to determine if a change is needed. If your company has already filed a surety bond, use the left-hand columns; if your company has filed a time deposit as an alternative to the surety bond, use the right-hand columns.

- a) If the current bond coverage is adequate, check the first box in the left-hand column.
