

SHB 2770 Rulemaking - "Disclosure Summary" Comments

Name: Peter M. Mendoza

Received: July 11, 2008

Comments:

I have been watching the development of the new law on Mortgage banking. I think the new law is very good. But I think, that in order for the department to enforce the law effectively, they should have qualified examiners to check the mortgage bankers and loan originators through out the state. The mortgage bankers new law will be useless without qualified people that will enforce tha law.
