NASCUS WA Directors College, April 29, 2015

***Make plans to attend the Directors College
Wednesday, April 29 in Seattle, WA***

Regulators of financial services are facing increasing threats to CyberSecurity due to the volume and sophistication of cyber attacks. CyberSecurity is a necessary approach to protect vital data and systems. At the same time, credit union (CU) operations, products, services and regulations are growing in complexity. NASCUS encourages all state and federal credit union board members, supervisory committee members, and credit union management to join us for this important one day event geared toward enhancing your knowledge of ways to better protect the information and systems that credit unions rely on for daily operations.

The college is scheduled from 9:00 a.m. to 3:30 p.m. on Wednesday, April 29, 2015 at the DoubleTree Hilton, 18740 International Blvd, Seattle, WA 98188 in Grand Room 1. Tuition for NASCUS members is \$199. Tuition for nonmembers is \$299. Content is geared toward state and federal CU directors but all CU officials are welcome to attend. Each panel will provide a short presentation (15 minutes) followed by a questions and answers session.

To register, please visit the following link:
